Conditions of Sale

Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 12pm.

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson from Rural Vet Services, Timaru.

TB Status

Our herd status continues to be a C10 classification.

Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

Foreword

Dear Clients and Friends,

Welcome to our 33rd Annual Elite Hind and Weaner Sale.

We have broken from tradition this year in that we have decided not to offer any weaner stags. You will have to wait until they are either spikers or two year olds before they are offered for sale. This will mean that you will be able to see the potential of these stags for both bodyweight and antler at the time of purchase.

We are also very excited about our first ever offering of Hinds mated using sexed male semen. There is considerable expense in doing this and if it was easy, everyone would be doing it!! Consequently these hinds will have a reserve price on the day. We would like your feedback about this as we would like to know if this is something you would like us to continue into the future. We could also look at increasing this offering at future sales if there is a demand for these hinds.

It is worth remembering that genetic progress is not only about purchasing a good stag for mating. We have learnt over the years that that is only half the story. Progress is much quicker if the hinds he is mated too are genetically superior as well. To this end, we recommend these hinds on offer to you. There is strong heritability documented in all of the hinds on offer and we are confident that this will pass on to their progeny as well.

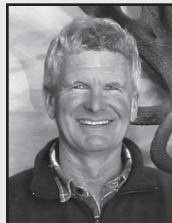

We therefore encourage you to invest in hinds this year. We have chosen to offer hinds that we believe will give you significant gains in both velvet and trophy antler production while lifting bodyweights as well.

It is, as always, our pleasure to share these genetics with you and we wish you well with your purchases. Please continue to give us feedback regarding their performance.

Kind regards,

Barry Gard
Deer Stud Manager
Foveran Deer Park

FOVERAN DEER PARK

Mission Statement

Our motto Breeding the difference

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

DBVs Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

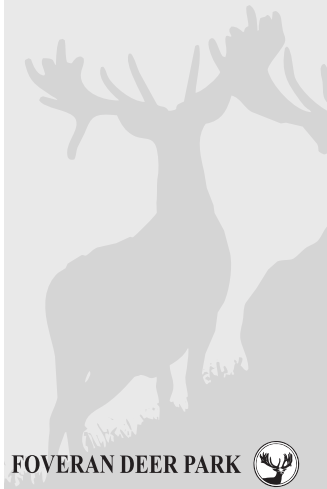

Velvet By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

Trophy The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

Temperament We continually manage and evaluate the herd for this important trait.

Madison

CRW 1003/14

Age	Live weight	Antler	IOA
2	192kg		
3		16kg HA	611

COMMENT: Orlando was purchased for this years breeding program to enable us to introduce some high scoring Nixon genetics into our herd. Nixon was 810 IOA at 5yrs. At 611 IOA at just 3 years, Orlando is bigger than Nixon at the same age. Orlando is an extremely quite sire and we expect this temperament will pass on to his progeny. Orlando was naturally mated to hinds and his semen was also sexed for male semen and used in our AI program this year.

5	253kg	HA 20.05kg	605 IOA 53pts
6		Damaged	

COMMENT: Gregor has an impressive antler that will be on display in our trophy room. He has big strong tops and good front tynes. This really impressed us, as does his pedigree which gained him entry into our master sire line up. He shares his sire Scipio with Morpheus (World record 4 & 5yr head) and his dam sire Commander Peel has produced top 2yr sale stags: most notably lots 2 and 5 in our 2012 stag sale - both 2yr olds at 190kg & 10.72kg antler and 188kg & 9.29kg antler respectively.

5	285kg	HA 16.57kg 570 IOA, 54pts
6		17.02kg 60pts 601 IOA

COMMENT: Purchased from Malcolm Cane for the top price of \$62,000, McCaw is an outstanding addition to our master sire line up. Placed 2nd in the Rising Stars 3yr HA Competition and also voted People's Choice in that competition. Malcolm considered retaining him for a sire. He is a great all round stag with superb temperament, great body confirmation and incredible antlers! Bifurcating brow, beys and treys with super heavy tops. His dam is a full sister to Kane. We consider these genetics to be very high in the ranking with the best head we have ever seen for a 3yr old. Odysseus has shown his genetic consistency with a large number of impressive sons produced.

4	HA 19.36kg	535
5	HA 22.84kg	632

COMMENT: Alexander was identified in a large group of stags being run on another property. He so impressed us with his extremely heavy beamed antler structure and has continued to impress us ever since. At 22.84kg he is the heaviest antlered stag we have produced and this year he added almost 100 inches to his score. At just 5 years old he is already one of the heaviest antlered sires in the industry and we expect him to break all records at maturity. An excellent dual purpose sire for both velvet and trophy antler. We have used Alexander extensively in this year's breeding programme.

COMMENT: Bledisloe was purchased as a 3yr old to include a Lord Haka son in our breeding program this year. As a 2 year old he had an impressive 40 point antler as shown in the photo above. He was velveted as a 3yr old this year prior to us purchasing him. Unfortunately we have been unable to get these records. Nevertheless we are confident from his pedigree that he will produce some exceptional progeny. The matings in this catalogue will produce our first progeny from Bledisloe.

4	HA 51pts	552

COMMENT: Bred here at the stud, his sire Henry VIII has a sound reputation for leaving heavy beamed sons. Fitzroy's dam 9119 is a full sister to Prince Philip who was the SCI World Record sire for 2012. Her dam sire Lewis is also the sire of former SCI World Record sire Charlie Mac, and Legend. Fitzroy has heavy bases, is very wide with big front tynes and an impressive antler structure. He will be one to watch in the future.

4	HA 12.72kg 42pts	485
5		496

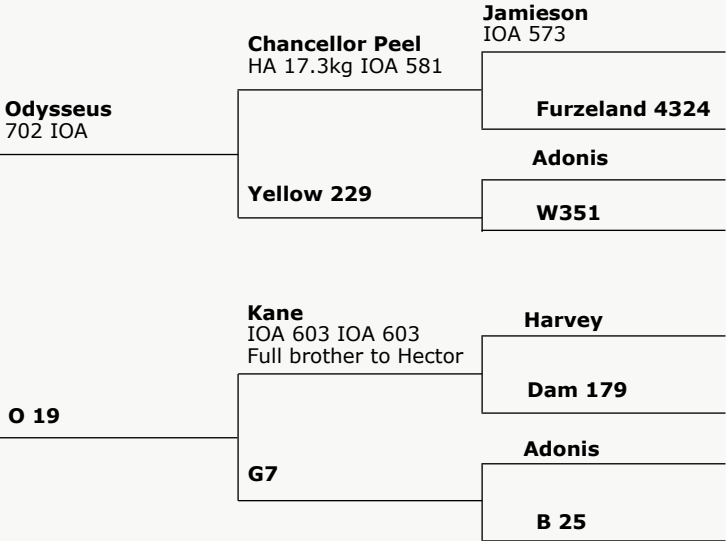

COMMENT: Purchased from Malcolm Cane for \$43,000. He was one of an impressive line up of Odysseus sons on offer. He has a heavy clean beam with big tops and an impressive spread. We have used Houghton in our ET programmes and also in our stud breeding programme.

Stapleford
5yr Son of Odysseus

Stapleford

Stapleford

Age	Antler	IOA
3	HA 12.2kg 29pts	
4	HA 11.87kg 36pts	488
5		523

COMMENT: Stapleford was purchased from Malcolm Cane. He was one of an impressive line of Odysseus sons and shares his sire with McCaw and Houghton. Note that McCaw is Odysseus over a full sister to Kane and so we know this mix works well. Stapleford has strong front tynes and tops. His antler structure has improved markedly this year and so we have continued to use him in our breeding programme.

6	253kg	HA 18.6kg	619
7	262kg	damaged tops	
8	271kg		585

COMMENT: Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. He was the most impressive 3 year old sire offered the year we purchased him. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

4	266kg	HA 14.4kg	535 1/8
5	272kg	16 x 17pts	478
6	285kg		608

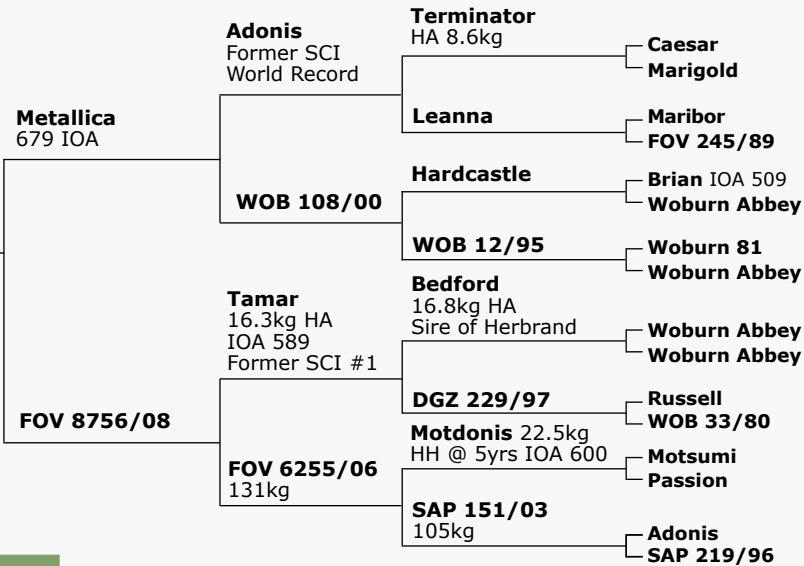

COMMENT: Fov Windsor's pedigree impressed us. Of our 3 Warlord sons, this is the most impressive trophy pedigree. Warlord at 573 at just 5 years is an impressive sire who has the "wow" factor for trophy hunters. Add this over Awesome at 520 IOA at just 4 yrs with Heathrow in the background and we have a genetically proven safari pedigree. Sire of Lord Haka at 201kg, HA 13.5kg and IOA 502 at just 2 years, Fov Windsor has established himself as a very heritable sire in our breeding programme.

Lorde
4 Year son of Metallica

Lorde

Lorde

Age	Antler
2	HA 8.72 kg 32pts
3	HA 13.2kg 469 IOA
4	HA 13.5kg 475 IOA

COMMENT: Lorde was on display at our January sire stag sale this year. He has a heavy beamed antler with a very wide spread in the typical style of his sire Metallica (679 IOA). Note too that his grandsires on both sides – Adonis and Tamar have both been SCI World Record trophy sires. A small selection of matings to this up and coming new sire are available in this catalogue.

6	318kg	15.5kg HA stripped	604 7/8
7	322kg	16.1kg	634

COMMENT: Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 7 year antler takes pride of place in our trophy room. At 634 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Amadeus is the sire of Sebastian (sire of Vicktor). With good semen stocks he will continue to be part of our breeding programme.

Lewis Russell/WA 37

3068 Brian/033,
Top trophy hind

COMMENT: Apollo has been strategically bred for big royals on a wide spread, with good body and temperament and we have got the lot! An exceptional trophy mix in his pedigree. Also interesting to note that grand dam 1003's brother 'Little Rock' had an IOA score slightly ahead of Salvador at 2 years. Great grand dam 3068 is the mega dam at Pelorus Deer stud for trophy genetics. 5th in the 2009 Rising Stars HA competition, and with 2 other full brothers in the Top 5, this confirms the heritability we can expect from this rising star. Apollo is impressive this year with his best head yet.

COMMENT: Vicktor was chosen as a replacement Pure Schulte Wrede German sire as he impressed us with his three year old stats. His pedigree is well respected at the stud also with Sebastian as his sire. Sebastian was the sire of Lot 1 at the 2014 stag sale, an impressive 2yr old sold to Ruanui at 194kg with a very strong 21 point antler. His grand sire, the great Amadeus, was a top all round sire for both bodyweight and antler structure. His grand dam 6666 is a top performing dam and has produced some exceptional 2 year old sires – most recently lot 28 at the 2014 stag sale – a 2yr old at 205kg with a 22 point antler also sold to Ruanui.

COMMENT: Lord Haka's early maturing genetics are valued in our breeding programme. At 201kg and 502 IOA he is impressive and one of the few sires to attain a 500+ IOA score at just 2 yrs. Also worth noting is that his 13.5kg antler is a new industry record. Now owned by the Fraser family of Mt Cecil, we have purchased semen this year to use in our breeding programme to increase his progeny in our herd. We are offering a small selection of matings to this top sire in this sale.

COMMENT: Woody was placed 2nd in the 3yr HA Competition 2010 with a score just 4 6/8 behind record breaking Morpheus. Grandson of record breaking Herbrand and now the current SCI World Record, Woody's progeny are well worth securing. The line up of 2 year old sons in this year's stag sale inspired us with confidence to continue to use him again this year in our breeding programme.

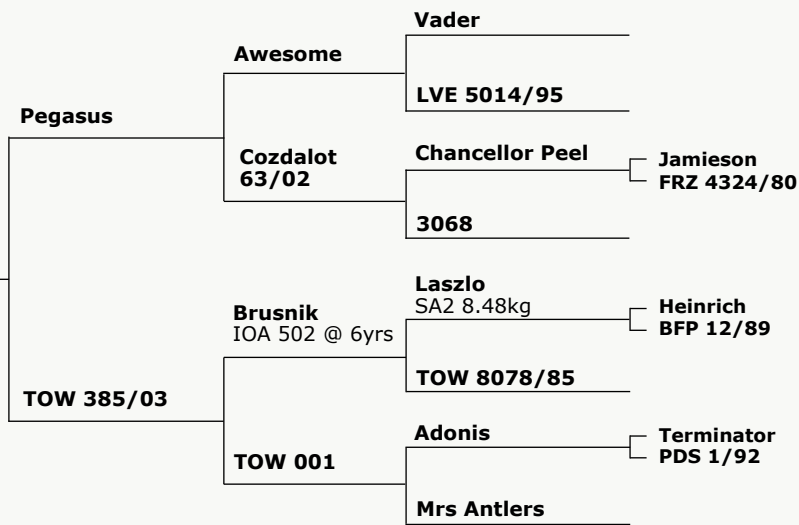

Faulty Towers

Faulty Towers

Faulty Towers

Age	Live weight	Antler
1	111kg	
2	157kg	9 x 9pts
3		
4		558 IOA

COMMENT: Purchased by Peter Adlam from Tower Farms, he was the top priced stag at their sale that year. Sired by our master sire Pegasus, over Brusnik (sire of Huneric and Zidarn). Faulty Towers is maturing into a top master sire with an impressive trophy score of 558 IOA at just 4yrs old with extremely long front tynes and tops. We have included this impressive master sire in our breeding programme again this year.

Comment: McCaw was placed 2nd in the National 3yr HA competition and also voted People's Choice. He had an impressive line of 2yr old sons in this year's stag sale. Almost 25% of the 2 year olds on offer were McCaw's sons which is testimony to his heritability. Dam sire Henry VIII has a heavy beamed high scoring antler typical of Henry James' line. He is also the sire of Fitzroy (552 IOA @ 4yrs 51 points). Note also Morpheus (National 3yr HA Champ) on the bottom line. He shares his sire Scipio with Gregor. The future progeny from this young hind will surely impress.

Comment: Gregor was bred here at Foveran by ET. He has impressed us since he was a spiker and continues to do so today. He was the sire of the spiker that was placed 2nd in the National 1yr HA Competition this year. Sire McCaw is leaving some exceptional 2 year old sons. Almost 25% of this year's 2 year old stags on offer at our sale were by McCaw confirming his high heritability factor. Dam sire Morpheus was a National 3yr HA Champ.

Comment: Sire Gregor was also the sire of the spiker who was placed 2nd in this year's national 1yr HA Competition. He was also the sire of Lot 15 at this year's stag sale sold for \$45,000, and so his heritability is well documented. Dam sire Brusnik is the sire of Huneric, Zidarn and Nixon. Warlord is the grandsire of Lord Haka. A very heritable hind pedigree to match that of McCaw. His sire Odysseus is also the sire of Mentor, Houghton and many other top industry sires. His dam sire Harvey was National Velvet Champion and also the sire of Hector and Kane. McCaw himself is leaving some exceptional 2yr sons as was evident in this year's stag sale.

Comment: Sire Gregor was also the sire of the spiker who was placed 2nd in this year's National 1yr HA Competition. He was also the sire of Lot 15 at this year's stag sale, sold for \$45,000. His heritability is now well documented. Dam sire Warlord is the sire of Windsor (601 IOA) - the sire of Lord Haka. Vetted in calf to our new sire Orlando who was placed 3rd in the 3yr National HA Competition this year. He was independently scored there and by adding burrs and spread he scores 611 IOA at just 3 years. An impressive effort and bigger than Nixon at the same age.

Comment: Sire Henry VIII is the sire of Fitzroy (552 IOA @ 4yrs). His heavy high scoring antler, a good match for Sovereign. Sovereign is the sire of Chris Peterson's Sovereign II with an IOA score in excess of 700 IOA. Vetted in calf to Alexander with his hugely heavy and high scoring antler, the resultant male progeny of this mating will surely excite and will be an impressive English sire for sure.

Comment: Sire Prince Philip was a former SCI World Record Trophy sire. He is also the dam sire of Prince. A full sister to Prince Philip is also the dam of Fitzroy (552 IOA @ 4yrs). Dam sire Legend shares his sire Lewis with former SCI World Record sire, Charlie Mac (20.6kg HA). Vetted in calf to Alexander who impressed us with 632 IOA and 22.84kg at just 5 years of age. We look forward to the first of his 2 year old sons later this year.

Lord Haka

Comment: Sire Lord Haka is also the sire of Bledisloe. He was an exceptional stag as a 2 year old and just continues to get better and better. This is a rare opportunity to secure a Lord Haka daughter. Vetted in calf to our impressive new sire Orlando at 611 IOA at just 3 years. Independently scored at the Rising Stars Competition this year he was placed 3rd in the National 3yr HA Competition. A son of Nixon (810 IOA @ 5yrs) he scores higher than Nixon at the same age.

Pure European r 5yr Hind Vetted in calf to McCaw

Price: _____

Purchaser: _____

Comment: Sire Amadeus is also the sire of Sebastian. He is a top all round sire for both bodyweight and antler and has produced many top sons for our stag sales. Most recently Lot 3 at last year's stag sale, a 195kg 2 year old sold to A Stewart for \$18,000. Dam sire Brusnik is also the sire of Huneric, Zidarn and Nixon. Salvador on the bottom line is the dam sire of Lord Haka. Vetted in calf to the very heritable McCaw who produced a number of 2 year old stags in this year's stag sale. McCaw was placed 2nd in the National 3yr HA Competition and also voted People's Choice.

Price: _____

Purchaser: _____

Comment: Sire Woody was the previous SCI World Record Trophy sire. He produced a stunning line up of 2 year old stags for our 2013 stag sale. Most notably Lot 4, a 2 year old at 204kg cutting 9.56kg antler sold to R Ponsonby for \$17,000. Also Lot 9 another 2 year old at 195kg with 30 points sold for \$17,000 also. Dam sire Odysseus needs no introduction. He is the sire of Mentor, McCaw and many other top industry sires. Vetted in calf to new sire Orlando. At 611 IOA at just 3 years, he is bigger than his sire Nixon at the same age. Progeny of this mix will impress.

Comment: Sire Prince Philip is also the dam sire of Prince, a 2 year old stag sold by us to A Stewart for \$46,000. He was also a former SCI World Record Trophy sire. Dam sire Jamieson is the sire of Chancellor Peel (sire of Broadband, Odysseus, Salvador, Commander Peel and many other top industry sires) and Scipio (sire of Morpheus and Gregor). Vetted in calf to Fitzroy. At 552 IOA at just 4 years he is impressive. The resulting Pure English progeny of this mix will be one to watch.

Comment: Sire Odysseus is the sire of mentor, McCaw and many other top industry sires. His heritability is now well documented with the number of impressive sons offered at Cane's deer sales. Dam sire Jamieson is the sire of Chancellor Peel and Scipio. Vetted in calf to the very heritable Gregor who sired the spiker placed 2nd in this year's National 1yr HA Competition. Gregor was also the sire of Lot 15 at this year's stag sale, a 2 year old sold for \$45,000.

Comment: Sire Gregor is extremely heritable. He is also the sire of the spiker placed 2nd in this year's National 1yr HA Competition. He was also the sire of Lot 15 at this year's stag sale, a 2 year old sold for \$45,000. The strength of Gregor's heritability should not be underestimated and augurs well for the progeny of this young hind. Vetted in calf to Bledisloe, our Lord Haka son. At 40pts as a 2 year old he was impressive and a great match for a Gregor daughter.

65

P 98

Pure English r 3yr Hind Vetted in calf to Alexander

Price: _____
 Purchaser: _____

Comment: Sire Henry VIII is also the sire of Fitzroy (552 IOA @ 4yrs). This Henry James line is very heritable for heavy beamed antlers which is the reason we have mated this hind to Alexander. At 22.84kg antler at just 5 years, this will surely enhance this heavy-beamed antler trait. Note too dam sire Sovereign is also the sire of Chris Peterson's Sovereign II, one of the few sires to break the 700 IOA mark at a young age.

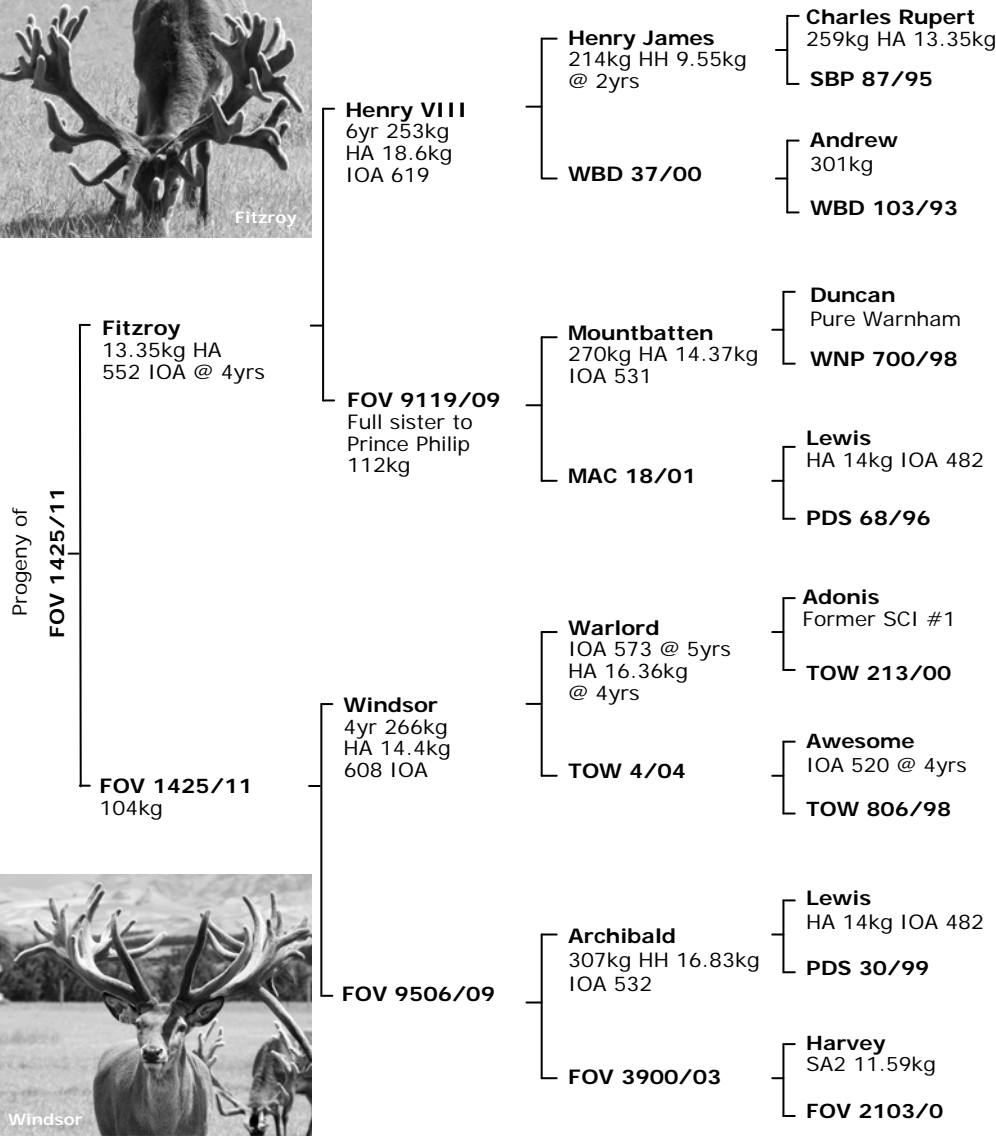

Pure European r 4yr Hind
Vetted in calf to Fitzroy

Charlie Mac

Comment: Sire 9265 was sold as a 3 year old to M Cane for \$24,500 as Lot 46 at our 2013 stag sale. He was an extremely impressive 3 year old stag with one of the biggest antler dimensions we have produced on a 3 year old at the time. Vetted in calf to heavy high scoring Alexander we look forward to the first of his 2 year old sons later in the year. As spikers we can report that they were extremely thick and we expect some exceptional results.
