

FOVERAN DEER PARK

BREEDING THE DIFFERENCE

38TH ANNUAL ELITE HIND & WEANER SALE

TUESDAY 10TH AUGUST 2021

ONLINE USING THE BIDR PLATFORM @ 7PM

OFFERING TO INCLUDE MATINGS TO AND PROGENY OF:

ROBERT HAY

Apex x Davidson 664 IOA, 17.21kg HA @ 3yrs

MORDECAI

Rigby x Davidson 601 IOA 15.1kg HA @ 3yrs

TITANIC

Kallis x McCaw 594 IOA 17.6kg HA @ 3yrs

PHOENIX

Rigby x McCaw 541 IOA 10.77kg HA @3yrs

**ALSO FEATURING NEW 2 YEAR OLD SIRES ON BACK COVER
PLUS CANE, ZAMBUKA, TURBO, CLEVELAND, APEX, BRUSNIS, HENNESSY,
BEAUDEN, METAPHOR, HUNTER, COGNAC, ADIDAS AND RIGBY**

Conditions of Sale

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

Insurance

Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson and our vet Amy Watts.

TB Status

Our herd status continues to be a C10 classification.

Conditions of Sale

The sale will be conducted by Rural Livestock Ltd with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

Foreword

Dear Clients and Friends,

Welcome to our 38th Annual Elite Hind and Weaner sale for which we will be using the BIDR platform once again.

In this catalogue you will find we have included a number of new genetic combinations. We have used 3 new 2 year old sires bred here at Foveran – Damascus, Jordan and Brunswick which are featured on the back cover. We have also included Zambuka, Turbo and Beauden for the first time in our breeding program. We also have on offer a daughter by current world Record SCI stag Metaphor.

The 2 yr old sires that we picked for use last year are still in our master sire line up and developing into impressive stags and they are also featured in this catalogue.

On reflection, we are only able to produce these young sire stags from our breeding programs over the years due to the hind base we have built up through investing in top females from throughout the industry. The value of sourcing top genetics for your female lines cannot be underestimated. We have endeavoured to offer some of our best combinations in this sale and the investment you make in these genetics will pay dividends for some time to come in your herd.

Our continued focus is for heavy beamed trophy type antler and this is evident in the stats of our own sire stags plus those we have included from other studs. We continue to receive deposits from overseas hunters wanting to come here to hunt which gives us the confidence to continue down this line of breeding.

As always the progeny on offer is guaranteed. If you are not completely satisfied, we offer a credit or replacement at a future sale. All embryos are guaranteed live fawn on the ground.

We wish you all the best with your purchases and look forward to any feedback that you may have.

Kind regards,

Barry Gard,
Deer Stud Manager, Foveran Deer Park

Mission Statement

Our motto **Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

DBVs Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

Velvet By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

Trophy The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

Temperament We continually manage and evaluate the herd for this important trait.

3	HA 15.5kg	641 IOA
4	HA 22.14kg	751 IOA
5		841 IOA

COMMENT: Cane has been bred here at Foveran. A son of the very heritable McCaw who has produced us so many top stags in previous sales. At 504 5/8 IOA, Cane was placed 4th in the National 2yr HA Competition. As a 3yr old he was placed 3rd in the 3yr section. As a 4 yr old he was placed 2nd in the 4yr section of the Rising Stars at 751 IOA. He was also placed 2nd in the National HA Competition. His mass of antler is impressive. His 2yr son Jordan also features in this sale.

2	43 pts	448
3	57pts 17.21kg HA	664

COMMENT: We first used Robert Hay as a spiker to mate yearling hinds along with 2 other ET brothers who were also multi point spikers giving us the confidence that these genetics will be heritable. What a difference a year makes. From 448 IOA as a 2 yr old to 664 IOA at 3 yrs. Robert Hay has a solid frame and is going to be a big bodied stag at maturity. We recommend his progeny.

Adidas

Adidas

Age	Antler	IOA
2	4.5kg velvet	
3	56 points	635
4	damaged	
5		640

COMMENT: Adidas was purchased in 2015 by Sam Cane for \$90,000 and was one of the most impressive stags offered at Cane's sale. Adidas won the National 3yr HA competition at the Rising Stars and was also awarded the Supreme Trophy award. Unfortunately, his 4yr old antler was damaged. Malcolm advises it looked bigger than his 3yr old antler but was not able to be scored. Now at 5 years at 640 IOA, Adidas has recovered well.

Comment: Sire Zambuka is the sire of Sapphire (843 IOA at just 2yrs). We have also seen a number of other impressive 2yr sons which prompted us to use this very heritable sire. Now deceased, this is now a rare opportunity to secure these genetics. Dam sire Lord Haka is the sire of Purdey who scores well over 900 IOA. A Star Lot! This embryo will be reserved on sale day. Highly recommended.

Comment: Sire Turbo is over 800 IOA at just 5yrs of age. His sire Nixon is also the sire of Apex and so we know this line to be very heritable. Turbo has great length to his antlers with hugely long massive tops that we thought would match in well with the very heritable McCaw and Brunnik. Note dam 3283 is also Phoenix's dam. A very heritable pedigree.

Lot 7: Pure Turbo Embryo Recip tag 4301

7

P 31

Price: _____
Purchaser: _____

Comment: Sire Turbo is over 800 IOA at just 5 yrs of age. His sire Nixon is also the sire of Apex and so we know this line is very heritable. Turbo has great length to his antlers with hugely long massive tops. Dam sire Malson was sold as Lot 10 in Cane's stag sale and was the highest priced stag at that sale. His antler structure of over 50 points with well placed bottom tynes will compliment that of Turbo. Note too Fig Jam, sire of Munro (705 IOA @ 6yrs) on the bottom line.

Comment: Sire Apex is also the sire of Robert Hay, who has an eye catching antler style typical of Apex sons. Dam 7317 is a full sister to Mordecai. A feature of Mordecai's 3yr antler is his beam length at 38". He had 2 full ET brothers in this years stag sale. We have used Mordecai as a sire since he was a spiker and so he is now firmly part of our breeding program. A highly respected pedigree.

Comment: Sire Cognac has impressed us as a sire. You can pick his progeny by bodyweight. We expect all of his progeny to date to mature as big animals and this young hind is a good example of this. He is also throwing thick antlers in the spiker progeny we have on the ground to date. We expect these traits will be further enhanced by the Fitzroy x Morpheus combination on the dam side of this pedigree and in any future progeny of this young hind.

Comment: Sire Hennessy was impressive at 638 IOA @ 3yrs. We believe he has great potential as a sire with his impressive long tined multi pointed antler style. Dam sire Rigby is proving extremely heritable in the industry. He is the sire of Mordecai. Adonis on the bottom line appears in so many pedigrees of top industry sires. Don't underestimate the dam side of this pedigree.

CAN 1225/01

Davidson

Comment: Sire Davidson is the sire of Hunter who was the previous SCI World Record @ 817 1/8 IOA. Dam sire Matthew has the "wow" factor when it came to antler structure with big long front tynes and heavy tops. Both sires among the first to break the 700 IOA mark. Vetted in calf to Titanic with his very wide and heavy beamed antler to further enhance these impressive genetics.

15.1kg supreme

FOV 3728/03

Comment: Sire McCaw is also the sire Cane and many other top performing stags that we have offered at our stag sales. An extremely heritable sire. Dam sire Amadeus combines the Schulte Wrede German genetics in the mix. Vetted in calf to Mordecai with his impressively long antler style, this makes for a great trophy pedigree.

Amadeus

Comment: A pure Schulte Wrede German hind with top names from this stable starting with the great Amadeus as the sire. He is also the sire of Tarentino. His sire Myson was a National velvet champ. Dam sire Image with his hugely heavy supreme velvet to further enhance antler weight. Vetted in calf to Titanic, a heavy beamed sire himself with impressive width. His dam is also Brunswick's dam and with McCaw in the background we know he will be heritable.

Comment: Sire McCaw is also the sire of Cane and many many top stags offered in past sales. We know him to be an extremely heritable sire. Dam sire Amadeus for body weight and conformation and more "wow" factor antlers. Vetted in calf to Robert Hay backed up by industry greats, Apex, Nixon and Davidson will surely enhance the power of this pedigree.

PDS 224/05

Comment: Sire Morpheus is also the sire of Phantasos (sire of Zambuka). He shares his sire Scipio with Gregor confirming the heritability of this sire line. Dam sire Odysseus is also the sire of McCaw (sire of Cane). Vetted in calf to Mordecai with his impressively long antler. He brings with him the high scoring antler traits of both Rigby and Davidson.
