Conditions of Sale

Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 12pm.

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson from Rural Vet Services, Timaru.

TB Status

Our herd status continues to be a C10 classification.

Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

Catalogue Deer Numbers

This is a very large sale, due to timings and other farming criteria some stock may be removed from the sale prior to auction.

Foreword

Dear Clients and Friends,

Welcome to the 31st Annual Elite Hind and Weaner sale.

We are very excited about the offering in this year's sale. We have some exciting new sires coming through and have included a number of them for the first time in our breeding programme this year. Four of the stags we purchased from Malcolm Cane have been used across some of the hinds in this sale. Alexander, Viktor, Lorde Huntsbury II, and Foveran Mega have all been bred here at the stud and we look forward to their progeny on the ground later in the year. We have also included embryos by Prince who we sold to Alan Stewart last year for \$46,000 and who was also bred by us.

We have included some of these new sires and a number of industry greats in our ET programme again this year which has resulted in some exciting new combinations that you won't find elsewhere. We encourage you to secure some of these new genetics and be one of the first to have progeny from these future industry greats.

Please note too that in some cases we do have duplicate embryos available, so please contact us about them after the sale if you miss a combination that you particularly want.

It is our pleasure to share these new genetics with you and we wish you well with your purchases. Please continue to give us feedback regarding their performance.

Kind regards,

Bob Robertson

Mission Statement

Our motto **Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

DBVs Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

Velvet By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

Trophy The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

Temperament We continually manage and evaluate the herd for this important trait.

COMMENT: Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 7 year antler takes pride of place in our trophy room. At 634 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Proven genetics!! Tragically Amadeus died this year, but with good semen stocks he will continue to be part of our breeding programme.

COMMENT: Unfortunately we lost Image during the rut last year. He has left a huge legacy with his progeny in our herd. His very wide and thick heavy antler style will continue to be highly sought after by the hunting fraternity. Also an excellent sire to promote velvet weight in your herd. We will continue to use Image in our breeding programme using AI and so we will continue to have his progeny to offer in future sales.

COMMENT: Sired by Amadeus and following closely in his footsteps with his antler style and frame size. Sebastian was 209kg as a 2 yr old with an impressive looking antler structure. Unfortunately at 3 yrs, he got tangled in wire just as his royals were developing and despite removing the wire, the antlers were affected and eventually had to be removed as they had stopped growing. It has taken him two seasons to recover from that accident which also affected his bodyweight. This year he has put up an impressive 32 point antler. A point worth noting is that his progeny are ranking highly for DBVs in our herd.

COMMENT: Vicktor was chosen as a replacement Pure Schulte Wrede German sire as he impressed us with his three year old stats. His pedigree is well respected at the stud also with Sebastian as his sire. Sebastian was the sire of Lot 1 at this year's stag sale, an impressive 2yr old sold to Ruanui at 194kg with a very strong 21 point antler. His grand sire, the great Amadeus, was a top all round sire for both bodyweight and antler structure. His grand dam 6666 is a top performing dam and has produced some exceptional 2 year old sires – most recently lot 28 at this year's stag sale – a 2yr old at 205kg with a 22 point antler also sold to Ruanui.

COMMENT: Purchased last year from Malcolm Cane for the top price of \$62,000, McCaw is an outstanding addition to our master sire line up. Placed 2nd in the Rising Stars 3yr HA Competition and also voted People's Choice in that competition. Malcolm considered retaining him for a sire. He is a great all round stag with superb temperament, great body confirmation and incredible antlers! Bifurcating brow, beys and treys with super heavy tops. His dam is a full sister to Kane. We consider these genetics to be very high in the ranking with the best head we have ever seen for a 3yr old. Odysseus has shown his genetic consistency with a large number of great 3yr olds produced this year.

COMMENT: Houghton was purchased this year from Malcolm Cane for \$43,000. He was one of an impressive line up of three year old sons of Odysseus on offer again this year. He grew a massive head of antler this year as you can see from his photo at Malcolm's. A heavy clean beam with big tops and an impressive spread. We have used Houghton in our ET programme this year and also in our stud breeding programme.

COMMENT: Gregor has an impressive antler that will be on display in our trophy room. He has big strong tops and good front tynes. This really impressed us, as does his

pedigree which gained him entry into our master sire line up. He shares his sire Scipio with Morpheus (World record 4 & 5yr head) and his dam sire Commander Peel has produced top 2yr sale stags: most notably lots 2 and 5 in our 2012 stag sale - both 2yr olds at 190kg & 10.72kg antler and 188kg & 9.29kg antler respectively.

COMMENT: Alexander was identified in a large group of stags that were out grazing last year. He so impressed us with his extremely heavy beamed antler structure that we thought was enormous until we saw his 4yr old head this year. At 19.36kg Hard Antler we are confident he will be one of the heaviest antlered industry sires at maturity. Not surprising as his sire Archibald was the sire of Lot 1 at our 2009 stag sale – a 2yr old with 12.53kg HA which was the industry record at the time. An exceptional dual purpose sire for both velvet and trophy antler.

COMMENT: Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. He was the most impressive 3 year old sire offered the year we purchased him. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

He is a very impressive spiker with an antler weight of 8kg and 36 points and is certainly the biggest spiker head that we have ever produced. His sire Huneric was the National 2yr HA Champ and his dam sire Scipio is the sire of Morpheus (World Record 4 & 5yr head) which augurs well for the future potential of this young master sire. He has gone on to be an impressive 2year old and the offering in this sale will be the first offering of live progeny on the ground from us.

COMMENT: Impeccable breeding with Chancellor Peel as his sire. It is worth noting that Chancellor Peel is also the sire of Salvador (IOA 575 @ 5yrs) and Commander Peel (IOA 429 @ 3yrs) confirming the heritability of this line for high scoring long tynded antler highly sought after by the trophy industry. With a main beam of 40 & 42 inches and a span of 29 inches and 40 points, Odysseus is the ideal trophy sire. Sire of our new master sires McCaw and Houghton, he continues to play a large part in our breeding programme.

COMMENT: Woody was placed 2nd in the 3yr HA Competition 2010 with a score just 4 6/8 behind record breaking Morpheus. Grandson of record breaking Herbrand and now the current SCI World Record, Woody's progeny are well worth securing. The line up of 2 year old sons in this year's stag sale inspired us with confidence to continue to use him again this year in our breeding programme.

COMMENT: Purchased by Peter Adlam from Tower Farms, he was the top priced stag at their sale that year. Sired by our master sire Pegasus, over Brusnik (sire of Huneric and Zidarn). Faulty Towers is maturing into a top master sire with an impressive trophy score of 558 IOA at just 4yrs old with extremely long front tynes and tops. We have included this impressive master sire in our breeding programme again this year.

Prince
3 Year Son of Morpheus

Prince

COMMENT: Prince was sold at last year's stag sale to Alan Stewart for \$46,000 and as part of the conditions of sale we retained 20 straws of semen to use in future breeding programmes as we considered him to be an exceptional young stag and one worthy of retaining as a master sire. His sire Morpheus was the industry record holder for 4yr antler score. His dam Sire Prince Philip was the SCI World record trophy stag for 2012. Prince had one of the best heads in that sale – very wide and long with multi tops.

Comment: A well proven Schulte Wrede German combination with top all rounder Amadeus as the sire to ensure this young stag inherits bodyweight and antler. Over Image with his heavy beamed high scoring antler which complements that of Amadeus well. Note heavy weighted dams throughout the pedigree as you would expect from Pure Germans.

Comment: World Record breaking Lord Haka at 689 at just 4yrs as the sire. He must surely be a future World Record at maturity and certainly one to watch. Over the very long high scoring antler of Zidarn, who shares his sire Brusnik, with Huneric. We recommend this combination for producing high scoring antlers in the future progeny of this young hind.

Comment: Grand sire Odysseus is well known for his ability to produce exceptional sons. He is the sire of Mentor, McCaw, Houghton and many other top sires in the industry. This top line is extremely heritable. Sire McCaw was placed 2nd in the National 3yr Ha Comp and voted People's Choice for his attractive antler style. Dam 148 is the full sister to Prince, sold as Lot 3 at last year's stag sale to Alan Stewart for \$46,000.

Comment: Exceptional heritability in this pedigree with McCaw as the sire. He shares his sire with Mentor, Houghton and many other top industry sires. Back to Chancellor Peel - also sire of Salvador, Broadband, Commander Peel and many others. Dam sire Brusnik is the sire of Huneric and Zidarn. Note also Kane is a full brother to Hector. Highly recommended as we expect this strong heritability factor to continue in any future progeny of this young hind.

Comment: Image was a heavy beamed stag with an impressive 15.1kg of supreme velvet and 551 IOA as well. These genetics are valuable for producing both velvet and trophy antler. Dam 7354 is a full sister to our own master sire Sebastian. Again top bodyweights in the hinds in the pedigree as you would expect from Pure Schulte Wrede Germans.

Comment: Prince was sold as lot 3 at last year's stag sale to Alan Stewart for \$46,000. As part of the deal we kept 20 straws for our own use as we considered him to have master sire potential. This is the first breeding programme we have used him in and so are able to offer these fresh new genetics. Odysseus is the sire of Mentor, McCaw and Houghton and many other top sires and so we know this dam line is very heritable.

Broadband

Comment: Broadband is the sire of our new sire Elliot who is a big framed stag at 260kg at 3 years. Broadband is just one of many top sons of Chancellor Peel which also includes Odysseus, Salvador and Commander Peel to name a few. Prince Philip was the SCI World Record Sire in 2012. He was the sire of Lot 1 and 2 at this year's stag sale and also the sire of the impressive 34 point spiker sold as Lot 40 for \$13,000 at last year's stag sale. Mated to Gregor with his heavy beamed 46 point antler to match the multi point antlers in this hind's pedigree.

Comment: Sovereign is the sire of Sovereign II owned by Chris and Deborah Petersen. Purchased from us as an embryo he grew 21kg antler, 61 points with an IOA score of 741 at 6 years. Banks was the sire of Guernsey who was here at the stud until he was recently sold as a trophy stag with an impressive symmetrical, long tynded antler. Mated here to Gregor to match the antler style in the hind pedigree. Gregor has a heavy beamed 46 point antler which will combine well with the antler in this hind's pedigree.

Henry VIII

Comment: Henry VIII has an impressive high scoring heavy antler inherited from his sire Henry James who held the industry record for 2yr antler weight until it was beaten by one of his sons. Dam 7395 was also the dam to Lot 5 at our 2012 stag sale, a 2yr old at 188kg cutting 9.29kg antler. Her sire Mountbatten is also the sire of Prince Philip (SCI World Record in 2012). Mated to new sire Huntsbury II with his impressive 2yr 37 point antler scoring 401, we consider him to be a rising star.

Comment: Prince Philip was the SCI World Record Trophy sire for 2012. He was also the sire of Lot 1 and 2 at this year's stag sale and also the impressive 34 point spiker sold as lot 40 at last year's stag sale for \$13,000. Dam sire Hannibal was national 2yr HA Champ. Mated to McCaw who was placed 2nd in the National 3yr HA Competition and voted People's Choice, the resultant progeny is highly recommended.

Comment: Amadeus and Image are now two highly respected master sires in our German herd, both for bodyweight and antler. With other big names - the great Wrede. The huge Red Baron and National Velvet Champ Myson, this hind pedigree contains many of the best Pure Schulte Wrede genetics we could muster. Mated to new sire Vicktor to carry on the German tradition, for both antler and bodyweight, we await the progeny with interest.

Comment: Sire Apollo was the sire of Lot 1 at our 2012 stag sale, a 2yr old at 202kg sold to L McDonald for \$13,000. He is also a full brother to Discombe (IOA 595) and Holy Oak (652 IOA). Adonis is a former SCI World Record and is also the sire of Warlord, Metallica and Spartacus. Lewis on the bottom line is the sire of Charlie Mac, Legend and dam sire of Prince Philip. Exceptional heritability to mate to the very heritable Odysseus line with McCaw who was placed 2nd in the National 3yr HA Competition and voted People's Choice. He is now well established as a master sire in our herd.
