# Conditions of Sale

## Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

## Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 12pm.

## DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

## Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

## Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson from Rural Vet Services, Timaru.

## TB Status

Our herd status continues to be a C10 classification.

## Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

## Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

# Foreword

## Dear Clients and Friends,

Welcome to our 32nd Annual Elite Hind and Weaner Sale.

We have changed slightly from tradition by having our sale in July so that we can confirm that all of the hinds on offer have been vetted in calf prior to the catalogue going to print. We are also not offering embryos in the sale this year for the first time in more than 25 years!

Having said that we have a large hind base now of some very well bred hinds. We have also invested heavily in the last few years in securing new sire stags and also breeding some of our own. The offering in this sale is therefore of our usual high standard as we believe in sharing our latest genetics with the rest of the industry.

One thing that has become very obvious to us is that we have only made the progress that we have over the years by investing in the very best hinds the industry has to offer. We have learned that this is equally as important as investing in top sires, and that it is only by also investing in hinds, that real progress is made, and at a much quicker rate. We have Bob to thank for this and fully intend to continue to follow this policy.

We therefore encourage you to consider an investment in hinds this year. We only have a limited selection on offer in this sale. We have chosen to offer hinds that we believe will give you significant gains in both velvet and trophy antler production while lifting bodyweights as well.

It is our pleasure to share these genetics with you and we wish you well with your purchases. Please continue to give us feedback regarding their performance.

Kind regards,

Barry Gard  
Deer Stud Manager

FOVERAN DEER PARK

# Mission Statement

## Our motto **Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

*By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.*

**DBVs** Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

**Velvet** By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

**Trophy** The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

**Temperament** We continually manage and evaluate the herd for this important trait.

**COMMENT:** Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 7 year antler takes pride of place in our trophy room. At 634 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Amadeus is the sire of Sebastian (sire of Vicktor). With good semen stocks he will continue to be part of our breeding programme.

**COMMENT:** Image has left a huge legacy with his progeny in our herd. His very wide and thick heavy antler style will continue to be highly sought after by the hunting fraternity. Also an excellent sire to promote velvet weight in your herd. We will continue to use Image in our breeding programme using AI and so we will continue to have his progeny to offer in future sales.

### COMMENT:

Top credentials at 16.75kg supreme velvet at 8 years. Again the thickness of beam will promote thick heavy antler which is highly sought after by European hunters.

When we grew his head out at age 9, he scored 563 5/8 IOA. Please note that we left his last two heads on until July and so the antler weights at cutting were considerably less than what they would have been if cut pre rut with our other sires.

**COMMENT:** Ingor II is an industry recognised champion sire. He has won the National Velvet Competition 4 times and has also won the Hard Antler section at the National Velvet awards. We have used him for the last two breeding seasons in our ET programme as an outcross for our Pure Schulte Wrede German hinds with the plan to breed a new German sire stag for the stud. We are also happy to share this opportunity with you by offering a selection of his progeny and matings in this sale.

**COMMENT:** Vicktor was chosen as a replacement Pure Schulte Wrede German sire as he impressed us with his three year old stats. His pedigree is well respected at the stud also with Sebastian as his sire. Sebastian was the sire of Lot 1 at the 2014 stag sale, an impressive 2yr old sold to Ruanui at 194kg with a very strong 21 point antler. His grand sire, the great Amadeus, was a top all round sire for both bodyweight and antler structure. His grand dam 6666 is a top performing dam and has produced some exceptional 2 year old sires – most recently lot 28 at the 2014 stag sale – a 2yr old at 205kg with a 22 point antler also sold to Ruanui.

**COMMENT:** Purchased from Malcolm Cane for the top price of \$62,000, McCaw is an outstanding addition to our master sire line up. Placed 2nd in the Rising Stars 3yr HA Competition and also voted People's Choice in that competition. Malcolm considered retaining him for a sire. He is a great all round stag with superb temperament, great body confirmation and incredible antlers! Bifurcating brow, beys and treys with super heavy tops. His dam is a full sister to Kane. We consider these genetics to be very high in the ranking with the best head we have ever seen for a 3yr old. Odysseus has shown his genetic consistency with a large number of impressive sons produced.

**COMMENT:** Gregor has an impressive antler that will be on display in our trophy room. He has big strong tops and good front tynes. This really impressed us, as does his pedigree which gained him entry into our master sire line up. He shares his sire Scipio with Morpheus (World record 4 & 5yr head) and his dam sire Commander Peel has produced top 2yr sale stags: most notably lots 2 and 5 in our 2012 stag sale - both 2yr olds at 190kg & 10.72kg antler and 188kg & 9.29kg antler respectively.

**COMMENT:** Alexander was identified in a large group of stags being run on another property. He so impressed us with his extremely heavy beamed antler structure and has continued to impress us ever since. At 22.84kg he is the heaviest antlered stag we have produced and this year he added almost 100 inches to his score. At just 5 years old he is already one of the heaviest antlered sires in the industry and we expect him to break all records at maturity. An excellent dual purpose sire for both velvet and trophy antler. We have used Alexander extensively in this year's breeding programme.

Note that McCaw is Odysseus over a full sister to Kane and so we know this mix works well. Stapleford has strong front tynes and tops. His antler structure has improved markedly this year and so we have continued to use him in our breeding programme.

**COMMENT:** Taken as a trophy here at Foveran in 2012, Prince Philip held the SCI record for that year. He is a full brother to Alan Stewart's Foveaux confirming the heritability of this mix. Note also his dam sire Lewis is the sire of Former SCI #1, Charlie Mac. A top performing trophy pedigree in every way.

**COMMENT:** Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. He was the most impressive 3 year old sire offered the year we purchased him. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

**COMMENT:** Lord Haka's early maturing genetics are valued in our breeding programme. At 201kg and 502 IOA he is impressive and one of the few sires to attain a 500+ IOA score at just 2 yrs. Also worth noting is that his 13.5kg antler is a new industry record. Now owned by the Fraser family of Mt Cecil, we have purchased semen this year to use in our breeding programme to increase his progeny in our herd. We are offering a small selection of matings to this top sire in this sale.

**COMMENT:** Purchased by Peter Adlam from Tower Farms, he was the top priced stag at their sale that year. Sired by our master sire Pegasus, over Brusnik (sire of Huneric and Zidarn). Faulty Towers is maturing into a top master sire with an impressive trophy score of 558 IOA at just 4yrs old with extremely long front tynes and tops. We have included this impressive master sire in our breeding programme again this year.

**Comment:** Sire McCaw was placed 2nd in the 3yr National HA Competition and also voted People's Choice. His 54 point head at 570 IOA was impressive. It is also worth noting that he is producing an exceptional line of spiker sons which we are looking forward to seeing as 2yr olds later in the year. Thick and beaded spikes which are wide and showing consistency in their well formed structure. Dam 2358 shares her sire Windsor with Lord Haka and note her dam is also the dam of Prince, sold to Alan Stewart for \$46,000. A very well bred young hind, highly recommended.

**Comment:** This hind is a full sister to Lot 9 in our 2013 Stag Sale, a 2year old stag with 30 points cutting 10.07kg HA and 195kg sold to A Stewart for \$17,000. Note sire Woody was also the sire of Lot 4, another 2 year old at 204kg cutting 9.56kg, sold to R Ponsonby for \$17,000. Vetted in calf to the impressive young sire Lorde. With his sire Metallica @ 679 IOA and his dam sire Tamar, a former SCI World record, he is highly recommended as a sire.

Price:

**Comment:** This hind was the dam of Lot 2 in our 2013 stag sale and it is interesting to note that that stag is the same breeding as the progeny from this mix - a 2 year old at 190kg cutting 10.81kg antler, sold to Bill Russell for \$9,500. We know that this pedigree is a proven mix and the previous results from it provide an excellent reference. We recommend this hind and know that her progeny will perform well.

**Comment:** Sire Odysseus is one of only a handful of stags to break the 700 IOA mark. He is also the sire of Mentor, McCaw and our new sire Houghton. He shares his sire Chancellor Peel with other industry greats - Salvador, Broadband and Commander Peel to name a few. Dam sire Adonis was a former SCI World Record sire who is also the sire of Warlord, Metallica and Spartacus. Vetted in calf to Gregor. His sire Scipio is also the sire of Morpheus and his sire Jamieson is also the sire of Chancellor Peel. An exceptionally strong heritability factor throughout the pedigree of the progeny of this mix.

McCaw

**Comment:** Sire McCaw was placed 2nd in the National 3yr HA Competition and also voted People's Choice. We are very impressed with his spiker sons this year. They are consistent in their antler style with good length, width and heavy beamed. We are looking forward to seeing them as 2 year olds later in the year. Dam sire Discombe was a National 2yr HA Champ. He is a full brother to Holy Oak (652 IOA) and our Apollo and together they were placed in the top 5 of the National 3yr HA Competition. Vetted in calf to Alexander who at 22.84kg HA at just 5 years is set to break all records at maturity.

**Comment:** Amadeus, top all round stag for both bodyweight and antler, is the sire of this young hind. He is also the sire of Sebastian and grand sire of Vicktor. His antler style is highly heritable as can be seen in these sons. Dam sire Brusnik is also the sire of Huneric and Zidarn. Vetted in calf to McCaw who was placed 2nd in the National 3yr HA Competition and also voted People's Choice. We have been impressed with a consistent line of spiker sons of McCaw this year. Thick, wide, long and beaded multi pointed spikers that we are looking forward to seeing as two year olds later in the year.

**Comment:** McCaw was placed 2nd in the National 3yr HA Competition and also voted People's Choice. His impressive line of spikers this year show consistency for long, wide, thick, beaded, multi pointed spikes that we look forward to seeing as 2yr olds later in the year. Dam 9151 was the dam of Lot 32 at this year's stag sale, a heavy beamed 20 point 2yr old sold to N Cunningham. Her sire Brusnik is also the sire of Huneric and Zidarn. Vetted in calf to 53 point Gregor at 20.05kg HA and 605 IOA at just 5 years, he is an impressive sire. His sire Scipio is also the sire of Morpheus confirming the heritability of this line.

**Comment:** Morpheus was a National 3yr HA Champ. He shares his sire Scipio with Gregor (20.05kg HA 605 IOA). Dam sire Amadeus is a top all round sire for both bodyweight and antler. Note too Brusnik on the bottom line is also the sire of Huneric and Zidarn. Vetted in calf to new sire Fitzroy from the heavy beamed antler sire line of Henry VIII and Henry James, his dam was a full sister to Prince Philip. Our up and coming new sire this year that is definitely worth watching. This will be some of his first progeny on the ground.

**Comment:** Sire Amadeus is a top all round sire for both bodyweight and antler. This young hind's bodyweight is a testament to that. Dam 161 is a full sister to Lot 19 in our 2013 sire stag sale, a 2yr old at 225kg cutting 8.8kg antler sold to Bryce Burnett for \$7,500. He was one of a number of impressive 2yr old sons of dam sire Woody in that sale. Vetted in calf to McCaw who was placed 2nd in the National 2 year HA Competition and also voted People's Choice. McCaw's spiker sons are impressive showing consistency for antler style - wide long beaded thick and multi pointed which augurs well for the progeny of this mix.
