**Comment:** 7158 was used as a spiker over yearling hinds. He is a full brother to our sire Robert Hay and every bit as good! As a result we have yearling progeny on the ground and are offering a daughter of this stag as the next lot. A proven stag for mating and a well respected pedigree with sire Apex over Davidson. 7158 has clean heavy front tynes, big strong tops and a long wide antler structure. 41 points at 2yrs so expect a big multi point antler. If you are looking for a stand out sire this guy is well worth considering.
