BREEDING THE DIFFERENCE

## 42<sup>ND</sup> ANNUAL ELITE SIRE STAG SALE

WEDNESDAY 8<sup>TH</sup> JANUARY 2025 @ 12PM

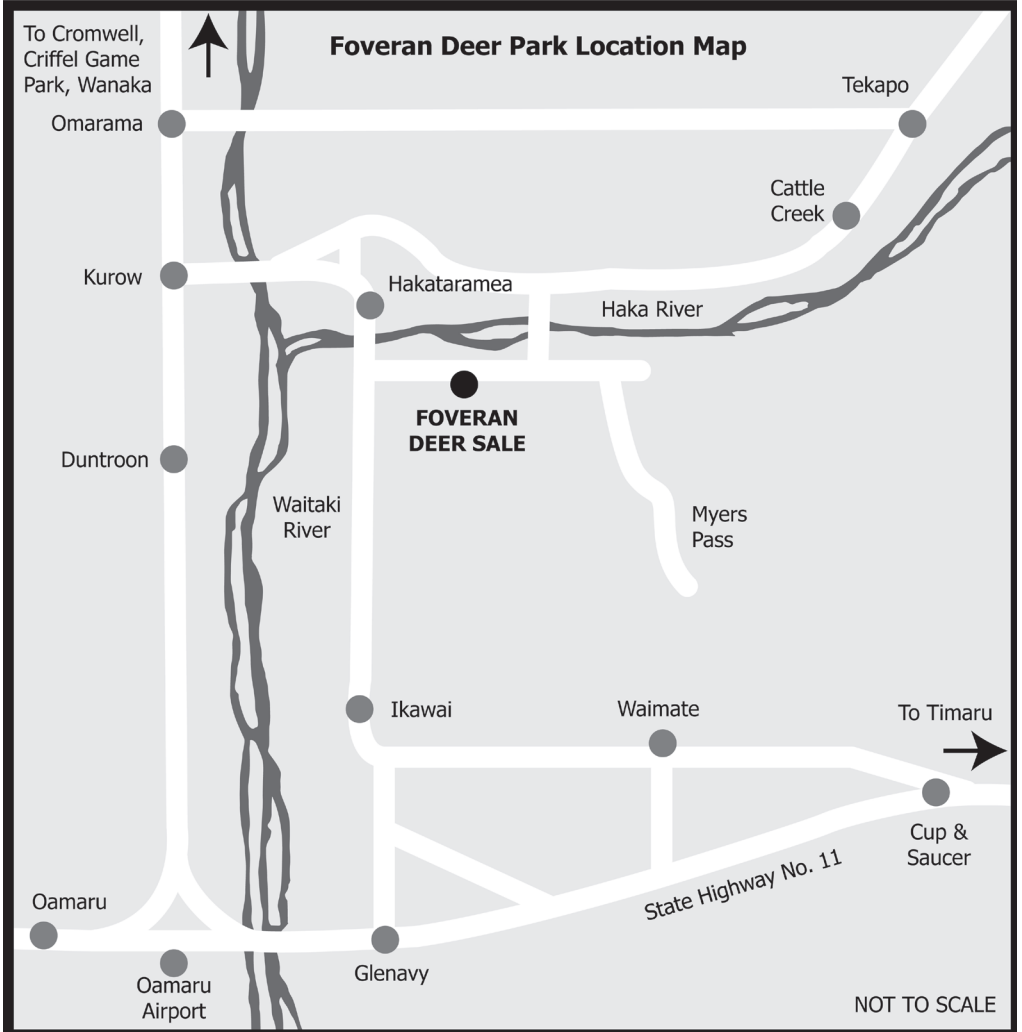

ROBERT HAY @ 5YRS

### FEATURING SONS OF

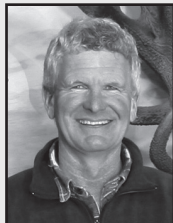

BOMBAY SAPPHIRE, ZAMBUKA, TURBO, HENNESSEY,  
PURDEY, BEAUDEN, CLEOMENES, CANE, MORDECAI,  
ROBERT HAY AND BRUNSWICK.

SALE WILL ALSO INCLUDE A SELECTION OF TROPHY STAGS

# Location Map

# Foreword

## Dear Clients and Friends,

Welcome to our 42nd Annual Elite Sire Stag sale catalogue. We have a wide variety of genetics on offer in this sale. Some of which we are offering for the first time as adult stags.

At selection this year, most stags were only at velvetting stage and so there is no ranking or comments re antler potential. Some stags on offer were grown out as 2 year olds and so we have included them knowing they have the potential to produce good heads.

As we have advertised we are selling Robert Hay as Lot 1. At the time of writing he looks to be developing another eye catching multi pointed head. We have used him since he was a spiker and so feel it is time to pass him on to someone else.

We have also included Jordan in the sale. He is a son of Cane that we have used selectively in our herd. We feel we have enough of these genetics in our herd now and so again are looking to pass him on to someone else. Both sires would make excellent breeding sires but also have good trophy potential.

In addition we have a good selection of 3 & 4 year old stags suitable for breeding and or trophy stags at maturity.

As with previous years we need to remind you that ALL ANTLER CUT OFF THESE SALE STAGS REMAIN THE PROPERTY OF FOVERAN. It is too difficult to keep antlers and deliver them to you later. The best way to keep your antlers is to have your stag delivered with his antlers on. Although this involves more cost, it is safer for your stag to take him home and remove the antlers when they are hard.

You are welcome to view the sales stags at any time prior to the sale by appointment. We are having an open day when the stags will be in the shed from 1-3pm on Friday 3rd January, when you are welcome to view also.

We look forward to catching up at the sale and wish you well with your purchases. Good luck with your bidding!

Kind regards

Barry Gard & Staff at Foveran Deer Park.

# Conditions of Sale

## Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

## Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 11.30am.

## DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding).

## Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

## Conditions of Sale

The sale will be conducted by Rural Livestock Limited with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at 24% per annum from the date of sale.

If payment is not received within 30 days from sale, reservation of title will revert to Foveran for security purposes until account is paid in full, including interest owing.

The sale is conducted exclusive of GST.

A buyer's commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements (no later than 24hrs prior to sale) are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

# Conditions of Sale cont./ Guarantee

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of Foveran Deer Park.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

## **TB Status**

Our herd status continues to be a C10 classification.

## **Guarantee**

All sale stags are guaranteed in terms of their genetic performance and temperament through DNA profiling. This does not include sickness or injury. Any stag that does not meet the standards mentioned above will be replaced or a full credit given to use at a subsequent Foveran Deer Park Sale.

## **Disclaimer**

Number of antler points – owing to the lateness of stags this year at the time of selection, we have estimated the number of points we expect to see at the time of sale. Please note these are estimates only and we give no guarantee as to the actual number of points on sale day.

# Mission Statement

## **Our motto** **Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

*By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.*

**DBVs** Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

**Velvet** By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

**Trophy** The fastest growing component of our deer industry at present. Foveran's commitment is to not only supply high end trophies for ourselves, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long-tined, heavy, wide, "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

**Temperament** We continually manage and evaluate the herd for this important trait.

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering - please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

**Alternatively, contact your local bidr® representative:**

3	HA 15.5kg	641 IOA
4	HA 22.14kg	751 IOA
5		841 IOA

**COMMENT:** Cane has been bred here at Foveran. A son of the very heritable McCaw who has produced us so many top stags in previous sales. At 504 5/8 IOA, Cane was placed 4th in the National 2yr HA Competition. As a 3yr old he was placed 3rd in the 3yr section. As a 4 yr old he was placed 2nd in the 4yr section of the Rising Stars at 751 IOA. At 841 IOA at just 5yrs, he would have been the world record then if he had been taken as a trophy.

**Achilles**  
IOA 618

**TOW 3007/03**

**Adonis**  
Former SCI # 1

**TOW 213/00**

**COMMENT:** Sired by Fig Jam who has been scored at 826 IOA and with an antler structure typical of his breeding, Munro has an antler structure with the "wow" factor. His dam sire Discombe was a National 2yr HA Champ. He matured at 652 SCI with a 62 inch spread which looks to have been inherited by this young sire. Munro grew a stunning 705 IOA of antler at 6 years and looked set to follow in the footsteps of his sire FigJam prior to his untimely death.

# Jordan

2	52 pts 8.95kg HA	447
3	15.5kg HA	
4		666 4/8
5	20.32kg HA	619 IOA

**COMMENT:** Jordan was placed 2nd in the 4 year HA at the National Rising Stars comp. His head was also part of the sire of three entry where we were placed 3rd. Not surprising given his sire is Cane and his dam sire Lord Haka (sire of Purdey).: A very heritable combination. Jordans head is developing nicely this year as you can see from the photo taken in November.

# Titanic

 756 IOA

**TOW 7017/07**

Recent Wt: 176kg

Sale Day Wt:

**Comment:** Sire Turbo has an impressive pedigree. He is a son of Nixon out of Leon's dam so high scoring antler genetics are a given. It is no coincidence that Malson appears as the dam sire in a number of sale stags on offer today. Note too Fig Jam (sire of Munro) is on the bottom line. This stag has very big front tynes and looks to have splitting treys. Just at velvetting stage at selection but we are expecting multi pointed tops.

**FOV 7054/07**

Recent Wt: 170kg

Sale Day Wt:

**Comment:** Sire Titanic has a hugely heavy head of antler and an impressive 70 points. He's looking great again this year. It's worth noting his dam is also Brunswick's dam. Dam sire Apex is the sire of Robert Hay. Grand dam 1080 is a well respected hind here at the stud being a daughter of Amadeus, and Brusnik her dam sire. This stag is just developing treys at selection and so its too early to estimate points.

Sale Day Wt:

**Comment:** Sire Turbo has a strong offering in this sale. He has great trophy credentials being a son of Nixon out of Leon's dam. Dam sire Munro is also the dam sire of Damascus. His antler structure is very heritable. Many of his sons inherit the same eye catching antler style with tidy fronts. This stag is an embryo brother to Lot 10. He has well placed front tynes and we expect he will have multi pointed tops.

Sale Day Wt:

**Comment:** Sire Cane's heritability is now well documented in our sale catalogues. He had an impressive 845 SCI antler when he was taken as a trophy. A very attractive head. Dam sire Kallis is also the sire of Titanic with his 70 point antler. Note too Archibald is the sire of Alexander and former SCI #1 Charlie Mac on the bottom line. This stag is late developing his antlers at selection but he was a 38 point 2 year old so we expect multi points.

Sale Day Wt:

**Comment:** Sire Cane has another impressive offering in this years sale catalogue. His heritability is now well documented in our sale catalogues. Dam sire Brusnik is also the sire of Brunswick. Grand dam 7348 is a full sister to Titanic and her dam is also Brunswick's dam. This stag is a full ET brother to Lot 4 and 15. This stag has started well with good front tynes, nice shape, T4's developing possibly but too early to estimate points.

Fitzroy

Recent Wt: 169kg

Sale Day Wt:

**Comment:** Sire Robert Hay has an eye catching antler style and features as lot 1 in this sale catalogue. Dam sire Fitzroy's sire line consistently leaves heavy beamed antler going back to Henry James who held the record for 2yr antler weight at that time. This stag has started well with his antler. He has well placed front tynes although not yet at velvetting stage at selection.

**BRK 600/07**

Recent Wt: 154kg

Sale Day Wt:

**Comment:** Sire Minnesota was an exceptional 3yr old son of Cane that unfortunately died before he reached his full potential. Dam sire Ardleigh McCaw is well known for his huge velvet weights. Note too Hudrock on the bottom line who brings Lincoln and Rio's dam to the pedigree. This stag has big front tynes, a nice shape and looks to have a good multi pointed antler which has earned him a place in the sale.

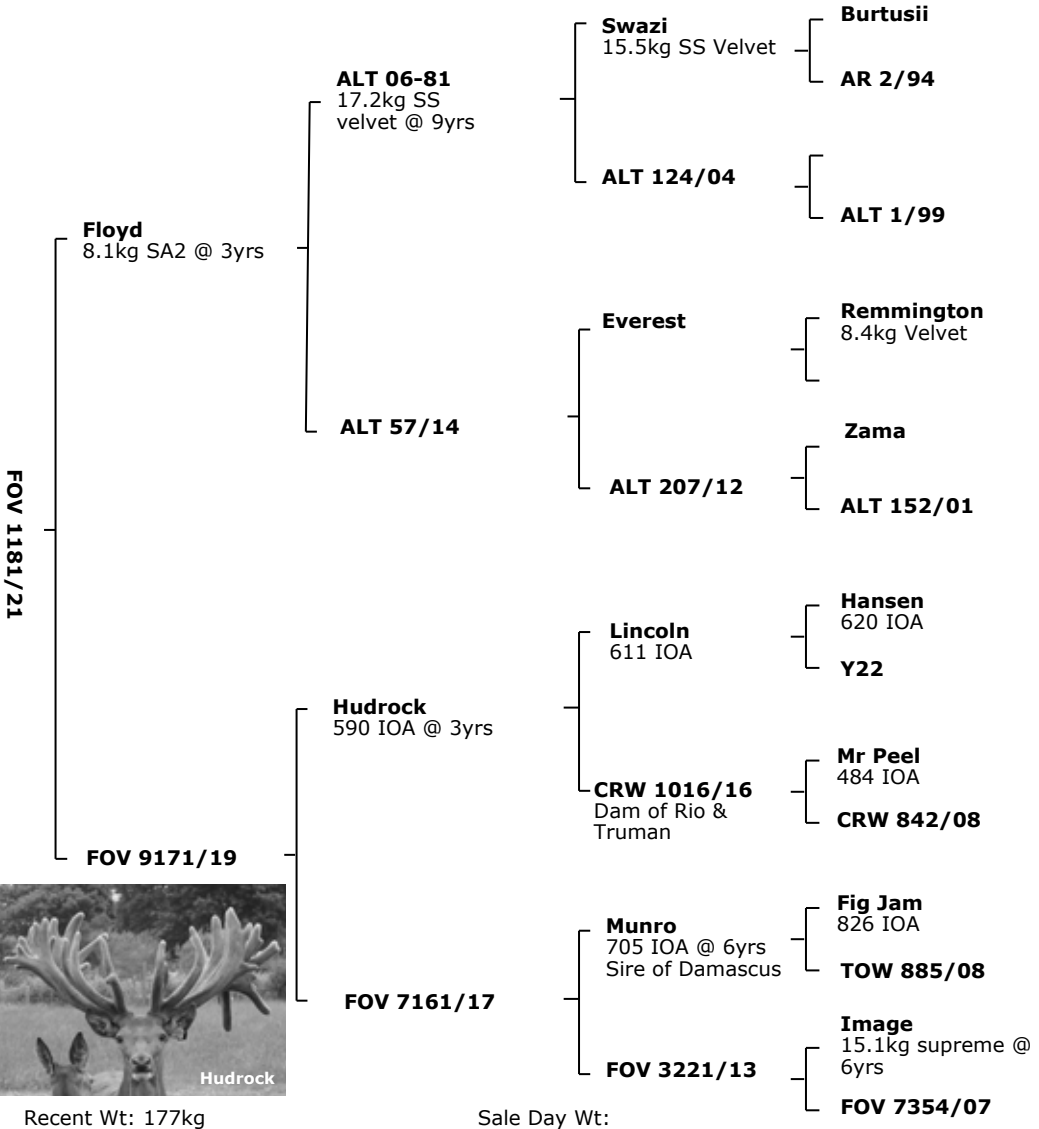

# Lot 22: Tag 1181 Pure European 3yr son of Floyd

# 22

P 41

Price: \_\_\_\_\_  
 Purchaser: \_\_\_\_\_

**Comment:** We acquired this Floyd semen in a trade and decided to use it over this Hudrock dam. She has excellent trophy credentials with Lincoln, Munro and Fig Jam in her pedigree. This stag has thick heavy fronts and beam at selection. This is new breeding for us and so not quite sure what to expect in the tops. We look forward to seeing the result.

Kallis

**Comment:** Sire Metaphor was a former SCI World Record. Bred here at the stud, Metaphor was 819 at just 6 years. Note too dam 7348 is a full sister to Titanic and that her dam is also the dam of Brunswick with his hugely long and wide antler structure. This stag has started strongly in his antler development. He looks to be wide and we are expecting big tops.

Sale Day Wt:

**Comment:** Sire is Mt Cecil lot 1 which was purchased for \$155,000 at the time. His sire Nixon is also the sire of Apex and Turbo and note his dam is also Dallas' dam. Dam sire Brusnis is also the sire of Brunswick and with McCaw, sire of Cane, on the bottom line, there is plenty of heritability in this pedigree. This stag has big front tynes a double left bey, a nice style, possibly T4's. He looks to have good trophy potential but it's too early to estimate tops.

Malson

Recent Wt: 171kg

Sale Day Wt:

**Comment:** This is a rare genetic combination for us as we didn't get very much of Yeti semen from Chris Peterson and it was only enough to use him over a few hinds. Dam sire Malson is the dam sire of a number of stags in this catalogue confirming his heritability. Note too Brusnik (sire of Nixon) on the bottom line. This stag has big strong well placed front tynes. Just at velveting stage at selection.

Sale Day Wt:

**Comment:** Sire Munro is also the sire of Damascus. His antler style inherited from his sire Fig Jam is very heritable. Dam sire Fitzroy whose sire line has a reputation for leaving heavy beamed antler going back to Henry James who held the record for 2 year antler weight at the time. This stag has started strongly with well placed front tynes. Looks to have bigger tops on the left at selection.

Sale Day Wt:

**Comment:** Sire Munro is also the sire of Damascus. His antler structure inherited from his sire Fig Jam is very heritable and this stag is no exception. Dam sire is high scoring Rigby who was 1069 SCI when taken as a trophy. Note too a full sister to Lord Haka on the bottom line. This stag has big front tynes. Looks to be an attractive Munro style head in the making at selection.

Sale Day Wt:

**Comment:** This stag is a full ET brother to Lot 28 in this sale confirming the heritability of this mix. High scoring sires Cane, Rigby and Leon feature in the pedigree as well as a full sister to Lord Haka. This stag has strong front tynes, well placed. Just at velvetting stage at selection. We are expecting multi pointed tops.
